PRESS RELEASE

release date: 19 May 2008

Freedom Graphic Systems Relocates Bindery/Inserting Departments to New 132,000 sq. ft. Building in Milton, WI.

Milton, WI – Freedom Graphic Systems, one of America’s largest independent direct mailers, has finished the construction of a brand new 132,000 sq. ft. building in Milton, WI. The new building is located at 1475 E. High Street in Milton, WI.

In order to meet the significant growth that Freedom is experiencing, they will be relocating the 30,000 sq. ft. bindery and inserting departments from the corporate facility into the new building. The remaining 100,000 sq. feet will be used for warehouse space. The expansion will be generating new opportunities for employment in Milton.

“We are excited about our expansion in Milton. New client relations along with the growth of our existing customers are the driving factors for this expansion. The efficient floor plan and effective barcode racking allow us to meet the strict deadlines that are demanded by our clients. This move also enables us to expand our press capabilities in the corporate location; freeing up 30,000 sq. ft. of space,” stated Freedom Graphic Systems Chief Executive Officer Marty Liebert.
